MYSORE GOVERNMENT LOANS ~~1930~~.

I ~~have the honour to~~ invite kind reference to G.O. No.Fl.148/G.L.6-30-2 dated 8/9-7-1930 sanctioning an allowance at 1/3rd of the pay to the officials engaged on the new Loan work, in consideration of the extent to which they had to work overtime to complete the work satisfactorily. While keeping this rate as the basis, I had to give a slightly larger amount in a few cases and slightly less in a few others with a view to recognise the quality of work turned out. As on the last occasion some allowance is due to the officials belonging to the Multigraph and Record Sections, the State Huzur Treasury and also the Savings Bank, Establishment and Book Sections, who had also to work overtime in connection with the new loan work. Further with a view to complete the audit and accounts portion of the work also, simultaneously with the despatch of the Loan Report to Government, I have put on the work 4 more men who were taken from other Sections for comparatively short periods and these are also entitled to the allowance as they have worked hard in common with the rest of the officials in the Section. The total cost on account of establishment including all these changes and also the cost of men engaged in the places of those who were drafted to the new loan work is only Rs.4,252/- as against an allotment of Rs.5,000/- sanctioned in the Government Order referred to above and the actual expenditure of

of Rs.6,003/- incurred during the year 1921.

I send herewith a statement for Rs.2,739/- showing the allowance due to the several officials. As the work has been completed and with less cost, I have authorised the disbursement of the allowance and I request that my action may kindly be approved. A list of the supplementary grants required to be obtained from the Legislature under the several heads will be submitted to Government shortly.

	There are three points for orders:
	(i) The total expenditure under non-voted heads of Interest is Rs 16,24,700. A Sum of Rs 3,49,500 is proposed to be re-appropriated as shown in Statement I & the balance viz 12,75,200 Rs has to be sanctioned as an additional grant.

As regards advances to Govt. Servants, the question is whether the outlay is within the Scope of the demand sanctioned. As regards this point, it has to be stated that ~~in 19~~ when the previous loans were floated, such advances were given and it cannot therefore be contended that it is a new form of service. ~~However, as the L.C. Regulation now prevailing of this demands was not in Vogue then, it may perhaps suffice if this is brought to the notice of the Govt~~

In this view, no sanction of the legislature appears to be necessary
